Town Council Members Present: Mike Rogers, Marcus Turner, Beverley Austin,

The Township Board and Town Council discussed the current status of the plan of reorganization. There was discussion that the fiscal analysis is no longer valid due to a change in State Law that will allow the Township to convert the emergency loan in to a permanent levy. The group discussed the challenges to update the fiscal analysis prior to the deadline for a vote on the Plan. The elected officials discussed the next step and reached consensus to begin the process to reject the current Plan of Reorganization while continuing to discuss reorganizing into one unit.

The group discussed the provision of urban services including drainage, snow removal, road maintenance and police protection. A subcommittee was established to discuss the expansion of urban services to the currently unincorporated areas of the Township as part of reorganization.

The Township Board and Town Council scheduled a meeting for September 4, 2013 to continue discussing reorganization.
