

WASHINGTON TOWNSHIP BOARD MEETING
MAY 9, 2017
TRUSTEE REPORT

1. Tonight under Old Business, we will have update reports for the Twp. Government Center/Fire Headquarters and also the Pecar Project.
2. Under New Business, our Financial Advisor Jeff Peters will be presenting the 5 Year Sustainability Plan for your approval. We use that plan in helping to do our next year's budget.
3. At your June Board meeting, we will be presenting for your approval, our 2018 Budget Calendar. In the past you have had the budget workshops the same night as your regular July and August Board meetings scheduling those to be at 6pm and resume if needed after the 7pm board meeting. Also you have held the budget public hearing at the beginning of your September Board meeting and then the approval of the budget at your October Board meeting. Please review your calendars before that meeting and advise of any conflicts you foresee. We will check with the deadlines set by the DLGF for the 2018 Budget adoption.
